6 SHORT-TERM DISABILITY AND LONG-TERM DISABILITY

6.1 Benefits under an LTD plan

Many employers have short-term illness and long-term disability (LTD) policies that provide benefits to employees who become disabled. You may wish to have your LTD policy approved for pension purposes by the Public Service Pension Plan.

6.1.1 Short-term illness

Please refer to your organization's short-term illness rules. See section 7 for information on reporting short-term illness.

6.1.2 Long-term disability (LTD)

If a member is receiving benefits under an LTD plan, neither the employer nor the member contributes to the pension plan, but the member still accrues pensionable and contributory service. You cannot terminate an employee for pension purposes until the carrier terminates the LTD claim. Although you may consider the member to have terminated employment for other reasons, the member has not terminated employment for pension plan purposes. For example, even if you are no longer required to offer them a position if the period of disability ends because a "two year-own occupation" time frame has passed, the member has still not terminated for pension plan purposes. See section 6.3.1 for information on reporting LTD.

Do not submit Employee Information at Termination/Retirement data while a member is receiving benefits under an LTD plan.

When the member stops receiving LTD benefits and has chosen to terminate their employment, only then submit Employee Information at Termination/Retirement online. See section 3 for more information on terminating employment and section 6.3 for information on employer reporting for members receiving benefits under an LTD plan.

Submit Employee Information at Termination/ Retirement data such as termination date, rehab salary, service, and contributions if the member stops receiving group disability benefits but does not return to work.

If you have an LTD policy that is **not approved** as a group disability plan under the Public Service Pension Plan rules, plan members receiving LTD benefits will not be credited with service for the LTD period. The member will be either terminated from the pension plan, or on an approved leave of absence, depending on your employment practices for employees on LTD.

6.1.3 LTD policy approval criteria

The Public Service Pension Board of Trustees has set out the following criteria for the approval of an LTD policy as a group disability plan. All three criteria must be met before a group disability plan can be approved:

If you have more than one LTD policy to cover different groups of employees, each policy needs to be approved individually.

1. The group disability plan must provide for continuous coverage during the period the member is disabled until one of the following events occurs:
 - the plan member attains normal retirement age (age 65 for regular members),
 - the plan member accrues 35 years of pensionable service, or
 - the plan member returns to active employment.
2. The group disability plan policy must provide, at minimum, a monthly benefit that is the lesser of
 - 50 per cent of the monthly salary the member earned during employment immediately prior to the disability period, and
 - \$3,000.
3. The group disability plan policy must include a definition of disability which takes into consideration the member's vocation, training, education and experience.

6.1.4 Applying for LTD policy approval

To apply to have your LTD policy approved, submit the *Group Disability Plan Application* form and required attachments to the Policy Branch of the Pension Corporation. If you have more than one LTD policy to cover different groups of employees, each policy needs to be approved individually.

If your LTD policy meets the criteria and is approved by the Pension Corporation as an approved group disability policy, we will notify you and update our records.

To apply to have your LTD policy approved, submit the Group Disability Plan Application form and required attachments to the Policy Branch of the Pension Corporation. If your LTD policy meets the criteria and is approved by the Pension Corporation as an approved group disability plan, we will notify you and update our records.

If the policy does not meet the criteria, we will notify you, and you will have the option of amending your policy and re-applying.

Even if your LTD coverage is provided through the Healthcare Benefits Trust (HBT), you must apply to the Policy Branch of the Pension Corporation if you would like to have your LTD policy approved.

If you change LTD carriers or any terms of the LTD policy, you need to contact the Policy Branch of the Pension Corporation to ensure that the policy still meets the criteria. If the new terms do not meet the approval criteria, we will notify you so you can change the policy to meet the criteria.

If your LTD policy changes or is amended, you will be required to submit a Group Disability Plan Application form and supporting documentation to the Policy Branch of the Pension Corporation to confirm the policy still meets the criteria. The form is available at pspp.pensionsbc.ca.

6.1.5 Annual LTD policy validation process

All organizations are required to validate their group disability policy information annually. If you have an approved group disability policy, you will sign into the secure employer website to access the online LTD Policy Validation tool to confirm your LTD information.

If you do not have an approved group disability plan, you will still need to sign into the secure employer website to access the online LTD Policy Validation tool to confirm that you do not have an approved LTD policy (policies).

Prior to completing the annual validation process for the first time, you will need to identify the person(s) in your organization who should have access to validate the details of your LTD Policies. Your primary or secondary user will have to assign the role of LTD Policy Validator to these individuals. Only staff with the LTD Policy Validator role can access the online LTD Policy Validation tool.

Access to the tool is through a link on the secured employer section of the pension corporation website, and is available for a limited time. On selecting the link during the LTD Policy Validation window, your LTD Policy Validator will see a list of all of your open approved LTD policies. We require the LTD Policy Validator to review the details of each policy, and validate that the policy is CORRECT, REQUIRES UPDATE, or has been TERMINATED. If a policy has been terminated, the termination date is required.

If a message is displayed showing that we have no open approved LTD policies on record for your organization, you are required to validate this statement is CORRECT. If the statement is incorrect, select REQUIRES UPDATE.

If the validation process reveals that the information on file about your LTD policy is out of date, you will be required to submit a *Group Disability Plan Application* form and supporting documentation to the Policy Branch of the Pension Corporation. The form is available at pspp.pensionsbc.ca.

6.1.6 Long-term disability benefits end

If a member's LTD benefits end,

- the member does not recommence contributions to the plan, and
- the member's employment is terminated,
- the member's options depend in part on the member's age.

If the member is age 55 (50) or older, the member may apply for a retirement benefit or for a disability benefit, if under age 60 (55).

If the member is under age 55 (50), the member may apply for a disability benefit. If the member does not wish to apply for, or is not eligible for a disability benefit, the member is eligible for the regular termination of employment options. See section 3.2.

Members who recommence contributions to the plan are still active plan members and are not entitled to any retirement or termination benefits until they have terminated employment.

6.2 Short-term disability (STD) and Short Term Illness and Injury Plan (STIIP)

Short-term disability (STD), which is often called Short Term Illness & Injury Program (STIIP), benefits are full or partial replacement earnings that a member receives from you, an insurance company, or a trust company. STD/STIIP benefits are usually received when an illness or injury is not work related (which would be covered by WorkSafeBC) and the member does not yet qualify for long-term disability (LTD). STD/STIIP may also be called "paid sick leave" or "weekly indemnity benefits".

If you are paying STD/STIIP to a member through your payroll system, you must report service and salary and remit contributions based on the member's work schedule and salary before the disability. On your payroll report this service, salary and contributions is reported as service event type as Regular (RG). See section 7.

EXAMPLE

If the member worked 100% before STD/STIIP, report 100% service, salary and contributions.

If the member worked 53% before STD/STIIP, report 53% service, salary and contributions.

6.3 Long-term disability (LTD)

LTD is an approved group insurance plan that pays replacement earnings to qualified members.

For pension purposes, the LTD start date is the date the approved group disability plan approved the members' LTD claim.

Once the member has been accepted on LTD, they:

- continue to accumulate pensionable and contributory service in the pension plan as if they were still working, and
- their highest average salary, which is used to calculate their pension, will be indexed to keep pace with the cost of living.

Members on LTD can view their pension information, and access online tools like the personalized pension estimator, through My Account.

6.3.1 Reporting long-term disability (LTD) information

Some plan employers contract out the reporting of members' LTD information to the Public Service Agency (PSA). If you are not one of these employers, you must notify us as soon as you are aware that a member has started or stopped LTD.

Based on the LTD start information, the member receives LTD pensionable and contributory service credited automatically to their account in each segment.

It is important to enter the member's LTD stop date as soon as the period of disability coverage ends so that excess LTD service is not automatically credited to the member's account.

If any errors occur while you are submitting LTD information, you may receive a message requesting that you correct and resubmit the information.

Once the information has been submitted, the data goes through an overnight process which may uncover additional errors.

If errors are identified during this overnight process, we will follow up with the person submitting the data or the PSA.

6.3.2 Long-term disability (LTD) reporting options

There are three ways for you to report your members' LTD information: individual record, standard format file or Excel file.

6.3.2.1 Individual record

Sign in to the Employer Login section of the website; select Employer Reporting and then select LTD Start/Stop. Follow the prompts to enter the mandatory data.

When you enter the member's SIN you will be able to:

- enter the LTD start date if there is **not** an existing open LTD break for the member.
- enter the LTD stop date if there is an existing open LTD break.

Optional Service Event:

If you are entering a LTD start, you can record regular (RG) service, salary, and contribution information that you paid to the member in the current segment prior to their LTD start date.

If you are entering an LTD stop, you can record rehabilitation (RH) service, salary, and contribution information that was paid during the current segment while the member was on LTD.

Note that the data entered here does not transfer to your member's account. The applicable RG and RH service event types (see section 7) must be included on your payroll report as separate lines of data.

If you enter information here, you can access it at any time on the website by selecting the RG/RH Reconciliation Report. This report can help you create your payroll report or create a secondary report to supplement your payroll report.

If your organization currently reports your members' RG/RH information on your payroll report, you may not need to complete this section.

The start date must be on or after July 28, 2014 (online LTD tool implementation date).

LTD Start and Stop Submitted Report:

This report allows you to view all submitted LTD start and stop information, track employees on LTD, and reconcile service event starts and/or stops.

Access the report from the website under the LTD Start/Stop section of the Employer Reporting portal. To generate a report, select LTD Start/Stop Submitted Report, enter the applicable start and stop dates then click Generate Report. If any information has been submitted by the Pension Corporation on your behalf, it will appear on your next report.

6.3.2.2 Standard format file

You can report LTD information for multiple members at the same time by using a standard format file, which is the preferred method of providing data. A Standard format file is a fixed width file requiring a Header record that identifies the contents of the report, and a Trailer record that provides totals of the records within the file.

The requirements for the LTD Standard format file report are located in the *Employment Record Layout* instructions located in the Employer Reporting section of the website. The *Header and Trailer Record Layout* instructions are in the same location.

The applicable RG and RH service event types (see section 7) must be included on your payroll report as separate lines of data.

Reporting salaries on Standard format files and Excel files:

It is **imperative** that the base salary you report reflects the salary at 100% full-time work.

In the “Base Salary Frequency” field, enter the frequency that you pay the member their base salary:

- bi-weekly (BW),
- monthly (MN), or
- annually (AN).

If a member works at less than 100%, report the salary at 100% equal to the frequency you pay the member.

EXAMPLE

A member owns an 80% position and is paid \$60 000 annually (which is 80% of a full-time annual salary of \$75 000).

When reporting this member's information, you must provide us with the member's percentage (in this case, 80%) as well as the salary the member would be making if they were working in a 100% position (in this case, \$75,000).

Using this information, our system will convert the \$75 000 salary that you report to \$60 000. This converted salary will be used to create the member's Pension Adjustment (PA) and *Member's Benefit Statement* (MBS).

6.3.2.3 Excel file

If you are not able to submit in Standard format, you can create an Excel file to report multiple members' LTD information at the same time.

In the Excel file, you must provide the data in the correct column order with no header row. You can find instructions in the *LTD Service Break Record Layout* document under Reporting Format in the Employer Login section of the website.

The applicable RG and RH service event types (see section 7) **must** be included on your payroll report as separate lines of data.

6.3.3 Position owned (%)

Enter 100 in this field if the member owns a 100% full-time position. If the member owns a part-time position, enter the corresponding percentage. This number is based on the member's owned position, not the hours worked.

EXAMPLE

If the member owns a 63% position, but usually works 89%, enter 63.

6.3.4 WorkSafeBC compensation

There are two options for members receiving WorkSafeBC compensation:

Option 1: Replacement salary is paid directly to the member by WorkSafeBC

Replacement salary paid directly to the member by WorkSafeBC is **not** pensionable. Service, salary and contributions are not reported. For pension purposes the member is deemed to be on an unpaid leave of absence and they may be able to purchase this period of time under the plan's leave of absence purchase provisions (see section 2).

Option 2: Replacement salary is paid to the member through your payroll process

If you receive a member's WorkSafeBC replacement salary and pay the member through your payroll system, the earnings are pensionable. You and the member must make contributions on these earnings.

The member cannot be receiving benefits under an LTD plan during this payment period. If WorkSafeBC replacement salary is less than their normal percentage of full-time salary and service, they may be able to purchase the difference (see section 2).

6.3.5 Retroactive WorkSafeBC compensation

It is common for a LTD claim or a WorkSafeBC claim to be approved retroactively. For pension purposes, a retroactive claim is one with dates for prior year(s).

Possible scenarios:

- If the member receiving a benefit under an LTD plan, retroactive WorkSafeBC replacement salary is **not** pensionable.
- If the member is not on LTD and the WorkSafeBC claim is retroactively paid, the period **must** be purchased as arrears (see section 2).
- If WorkSafeBC has been sending you the member's replacement salary to be paid through your payroll, and then the LTD carrier backdates the member's LTD start date, request a refund of overlapping ineligible contributions (see sections 7 and 8).

6.3.6 Rehabilitation (RH) salary

If a member returns to work on a rehabilitative trial, the service, salary and contributions paid to them are reported as service event type RH on your segment report (see section 7).

Although the RH data you report is **not** used in the calculation of the benefit, the LTD service and salary credited during this period is used.

6.3.7 Long-term disability (LTD) termination date

For pension purposes, a member on LTD is not considered terminated even if you have removed them from your payroll system for any reason. You will still be required to confirm the member's information on the segment LTD Confirmation Report.

For pension purposes, the member's LTD stop date is the earlier of:

- the date the claim ends per the terms of the LTD plan, or
- the member's date of death.

If the member is age 55 (50) or older, but under age 60 (55) when their LTD stops, the member may apply for either a retirement benefit or disability benefit.

If the member is under age 55 (50) when their LTD stops, the member may apply for a disability benefit. If the member does not wish to apply for or is not eligible for a disability benefit, the member is eligible for the regular termination of employment options (see section 3).

If a member terminates employment at the end of their LTD, you must:

- submit LTD stop information online.
- submit Employee Information at Termination/Retirement online if the member is not returning to work.
- have the member complete the pension forms, including the pension application, if they are proceeding directly to pension.

Please note: the Employee Information at Termination/Retirement must be submitted the day after the LTD stop information.

Members who recommence contributions to the plan are still active plan members and are not entitled to any retirement or termination benefits until they have terminated employment.

In the case of the member's death, submit the LTD stop information online. You must also complete and submit a *Certification of Death* form.

Forms are located on the Employer Login website.

6.3.8 Change of long-term disability (LTD) carrier/plan

If you change carriers or any terms of your existing approved group disability plan(s), you must follow the approval process outlined earlier in this section. You must also notify us if you end a contract with the PSA.

6.3.9 Payroll reporting and long-term disability (LTD) members

To avoid overlapping service events, the effective start date and effective end date for each member on your payroll report must reflect the actual period of time worked.

If a member is accepted on LTD, their LTD start date will only be accepted if the end date for their regular (RG) service event prior to the LTD was submitted correctly. For further payroll reporting information see section 7.

EXAMPLE

If a member's last day at work is May 10, May 10 should be the end date for the RG service event on your payroll report.

If the member is accepted on LTD on May 11, and you enter this date as the LTD start date online, it will be accepted.

After a member has been accepted on LTD and their LTD information has been entered online, the only service, salary and contributions that can be reported on your payroll report is service event type rehabilitation (RH). RH earnings may include salary top up, period(s) the member has returned to work on a trial basis, and any pensionable salary that the collective agreement stipulates must be paid to the member (e.g., sick leave).

6.3.10 Pensionable service overlap

A member on LTD receives pensionable and contributory service posted to their account as service event type LT if they were on LTD for any period during the segment.

In the year that the member starts or stops LTD, an overlap of service may occur if the LTD service we post and your reported service goes over the maximum allowable. If this occurs, we will reduce the LTD pensionable service and/or make any adjustments you have identified.

6.3.11 Ineligible service, salary and contributions

In some cases a member's LTD acceptance from the carrier is backdated. If you have been paying the member through the normal payroll process (e.g., using sick leave, other leave banks or WorkSafeBC replacement salary) and have previously reported this service, salary or contributions, you may need to apply for an ineligible refund (see sections 7 and 8).

6.3.12 Pension adjustment (PA)

When a member has been approved for LTD, service accumulates in their account and they will receive an annual PA statement to file with their income tax return (see section 9).

The benefit entitlement (BE) for a member receiving LTD is calculated using the salary at the start of the LTD period. Cost of living adjustments are also factored into the calculation.

6.4 LTD Confirmation Report

Once per segment, an LTD Confirmation Report is posted in the File Pick-up portlet in the Employer Login section of the website.

This report summarizes the information for all your members who are or have been on LTD during the segment for which the report is created. The report only contains posted LTD information that has been successfully entered on your members' accounts prior to the Create Date identified in File Pick-up.

The LTD Confirmation Report contains the following information:

COLUMN TITLE	DESCRIPTION
Plan	PSPP
Org	Your employer number
PLAN_ABBREV_NM	PSPP
Last Name	Member's last name
First Name	Member's first name
SIN	Member's SIN
EEgrp	Member's employee group (e.g., 01GENRL)
% FT	Percentage the member is entitled to as identified at the LTD start date.
Emply Break Start	Member's LTD start date as entered online
Emply Break End	Member's LTD stop date as entered online
SE Start Date	Member's LTD start date if the LTD started in the current segment. If the LTD start date is not in the current reporting segment, it will be the first day of the calendar month in the current segment.
SE End Date	Member's LTD stop date if the LTD stopped in the current segment. If the LTD stop date is not in the current reporting segment, it will be the last day of the calendar month in the current segment.
Pensionable Srvc	The full amount of service for the segment or prorated service if the start date is in the current segment (see example below).
Contrib Srvc	Contributory service displayed in full months for each month or partial month the member was on LTD for the segment.
Barg. Unit	Member's union affiliation and/or bargaining association (note: currently not a mandatory reporting requirement upon member's enrollment).

EXAMPLE

A member is accepted on LTD with a start date of July 10. The member owns a full time position at 100%.

The LTD pensionable service for the first segment totals 5.7097 months.

To calculate this:

- Prorate service for July (on LTD for 22 calendar days in July) divided by the total calendar days in July: $(22/31 = 0.7097)$.
- Add five full months of pensionable and contributory service (one full month each for the months August through December).

When the April and December LTD Confirmation Reports are posted to File Pick-Up, you must review the report create a message board topic confirming your review.

If any information on the report is inaccurate, you will need to provide the correct information:

- If an LTD member is not on the report and should be, submit their LTD start information online.
- If a member is on the report and they have stopped LTD, notify us through a Message Board topic.
- If the % is incorrect, notify us through a Message Board topic.

LTD pensionable and contributory service is posted to members' accounts in April and December. This posted service forms part of the member's benefit entitlement and is included in their *Member's Benefit Statement*. **This is why reviewing and confirming the LTD Confirmation Reports is a critical step.**

6.5 Successive disability

LTD carriers may have a successive disability clause. Successive disability usually occurs when a member returns to LTD because of an illness or injury related to their original LTD claim. Successive disability is normally within a certain number of months (as deemed by the LTD carrier) from the member's return to work date.

If this occurs, you must report the successive disability information online. You can find the LTD reporting process under the *LTD reporting options* subheading above.

The Public Service Agency sends a successive disability report each segment for the members that are or were on a successive LTD claim.

6.6 Disability benefit

Members should apply directly to the Pension Corporation for a disability benefit.

A disability benefit is a monthly payment paid to members while they are totally and permanently disabled.

Disability benefits may be available to members who are not covered by an approved disability plan (see 6.2.1 below).

Members should apply directly to the Pension Corporation for a disability benefit.

6.6.1 Eligibility

Disability benefits are paid to eligible members who are “totally and permanently disabled.” A member is totally and permanently disabled if the member has a total and permanent incapacity, arising from a mental or physical condition, to fill or occupy any position in the service of the employer which is made available to the member, the duties of which the member might reasonably be expected to fill.

The member’s doctor and a doctor appointed by the corporation must certify, in writing, that the member is totally and permanently disabled.

To be eligible for disability benefits, a member must:

- not be eligible to receive benefits under an LTD plan,
- be totally and permanently disabled,
- have their doctor and a doctor chosen by the Public Service Pension Board of Trustees concur that the member is permanently disabled,
- be under age 60 (55 for correctional facility employees),
- have at least two years of contributory service,
- have formally ended their job and exhausted all other sources of income replacement, all sick leave and banked sick time, and any short or long-term disability benefits available to them, and
- not be eligible for coverage under the Public Service Long-term Disability Plan.

Once a member has been granted a disability benefit, we will request that the member submit regular reports confirming the disability still exists.

6.6.2 Application and deadlines

There is a two year deadline to apply for a disability benefit.

The member must apply in writing to the corporation within two years of their last contribution (or deemed contribution) to the plan.

6.6.3 Pension calculation

Disability benefits do not include the bridge benefit.

The monthly amount of the disability benefit is calculated using the member's accrued pensionable service. It is then converted to the standard options available to retiring members. Please see section 4.6.2.

The benefit pays during the period of disability and for the member's life, as long as the member remains totally and permanently disabled until at least age 60 (55).

Disability benefits:

- Do not include the bridge benefit.
- May provide the member with extended health and dental benefits.

For more information about benefits, see group health benefits in section 4.

6.6.4 Disability benefit ends

If, after being granted a disability benefit, a medical examination shows that the member is no longer totally and permanently disabled, and they are under age 60 (55), the benefit stops.

If the member returns to work and begins contributing to the Public Service Pension Plan again, then the member's eventual pension or termination benefit is paid as though the disability benefit had never been paid. The member's retirement benefit is not adjusted in any way because of the disability benefit, although the member will not have any service for the period of disability.

If the member does not return to work and does not contribute to the plan again, then they can apply for their pension or termination benefit under the usual rules. The pension or termination benefit is paid based on the member's accrued service and salary, with no adjustments.
